About this object

Commercial land for sale in Peetri village near the city.

Detailed planning has not been done, electricity and central water and sewerage are at the border of the plot.

Need to build a road on the plot. The road can be built by continuing the existing road from the edge of the Peetri tee 21 property to the Mõigu tee 4a property with a road easement.

The road easement is formalized by the seller at the same time as the purchase-sale transaction.

It is allowed to build a residential building and an auxiliary building on the plot, but it is necessary to make a detailed plan to convert the commercial land into residential land.

Center nearby and neighbors next door.

Property size 2529m²
