About this object

New home with A energy label and ground heating! The pictures show the interior of a model apartment. The area is characterized by a suburban atmosphere, which has become very popular with many people today, which on the other hand offers enough privacy and security. The city center is a short 6 km journey away, the city border is one kilometer away. There are also bus stops nearby. The nearest larger shopping center Lõunakeskus is three kilometers away. There is also a school and kindergarten nearby. The new development is behind a beautiful and tall spruce hedge, which guarantees you privacy and a peaceful living environment. + the building's energy class is A + comfortable and economical water-based underfloor heating with the possibility of room-based temperature regulation + the box has its own ventilation unit with heat recovery, which ensures more energy-efficient operation and a good and high-quality indoor climate + plastic windows
